12-in-1 Cardreader USB 2.0

High speed portable cardreader with SIM support!

Do you have a digital camera or a video game console that uses a memory card? In that case you can really use the Eminent 12-in-1 Cardreader! With this unique cardreader you can read and write all popular memory cards!

Connect the 12-in-1 Cardreader to a USB port on your computer to access your photos or other data fast and easy.

The 12-in-1 Cardreader allows you to connect your SIM telephone card as well. When using the enclosed SIM Card editing software, you can edit your phonebook and SMS messages and save it to your computer. Keep your mobile phone up to date and take advantage of optimal cooperation between your mobile phone and your computer! What about the backup function? With this function you can easily save all your phone data to your harddisk.

The 12-in-1 Cardreader comes with a USB extension cable. The Eminent portable 12-in-1 Cardreader allows you to access your updated data anytime!

- Reads and writes all popular memory cards, including SIM telephone cards
- Fitted with SIM Card editing software
- Easily view, edit and save your memory card contents on your computer
